After Kazuya's breakup declaration,
his childhood friend Kibe throws him a straight right!
Huh?! Why?!

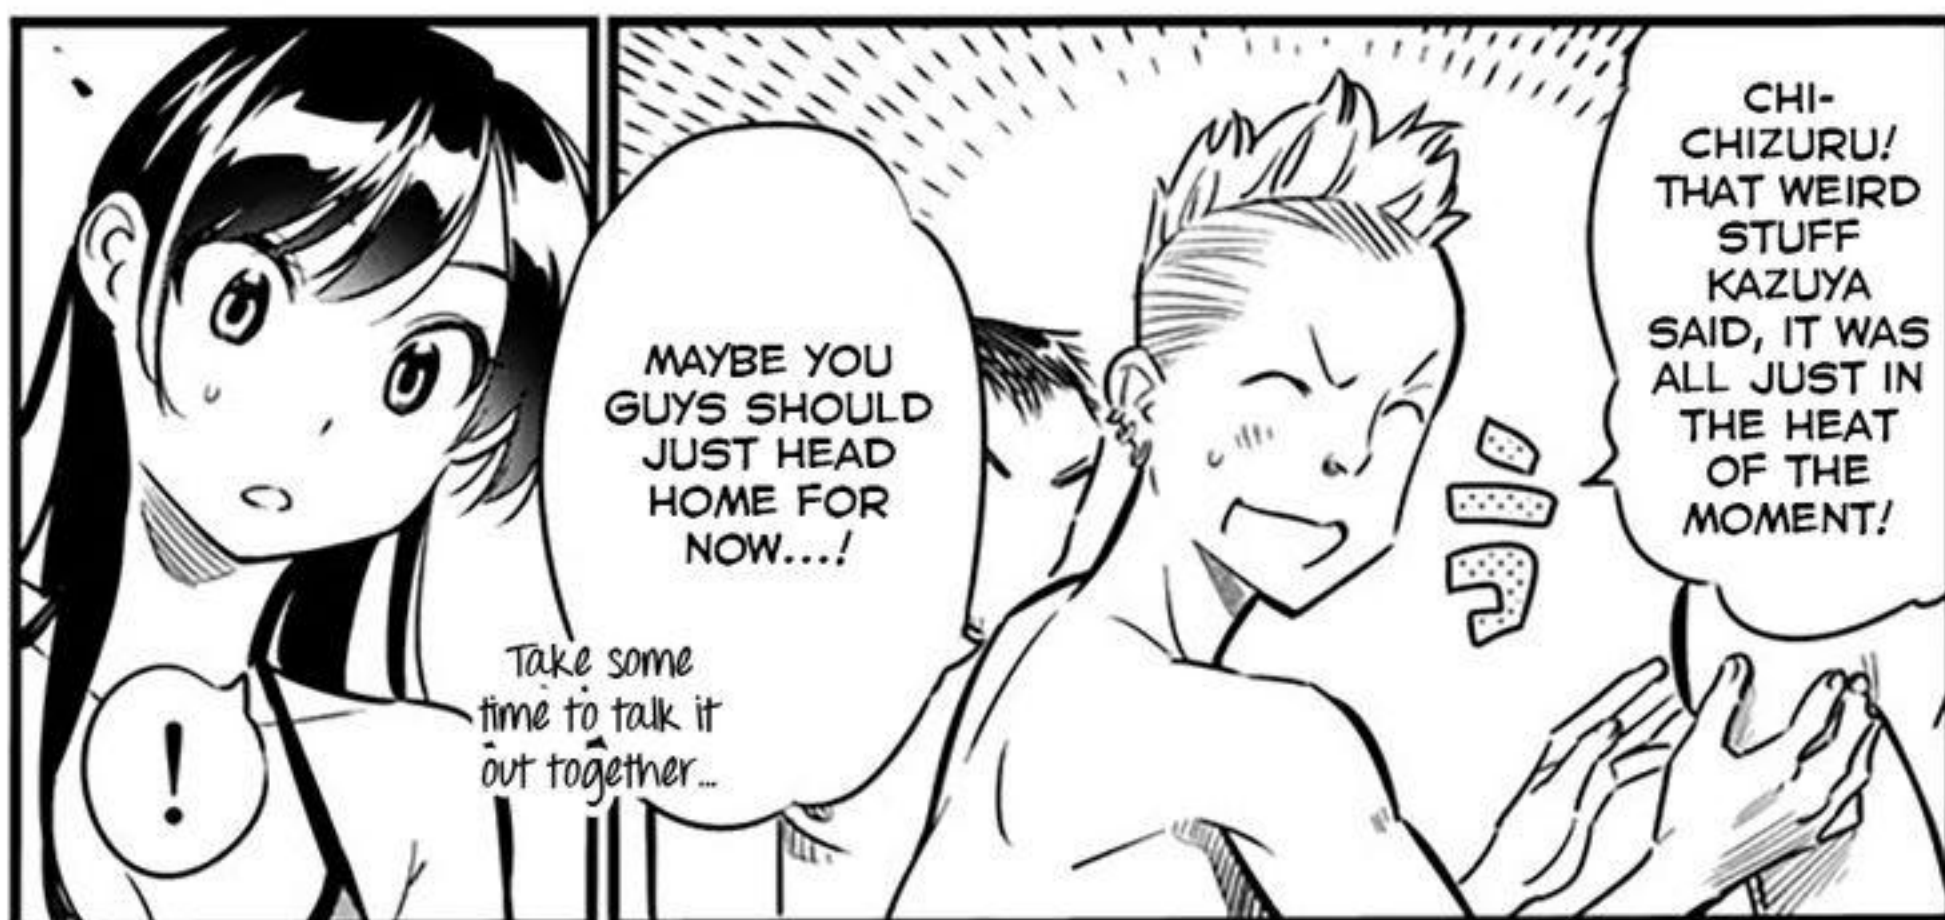

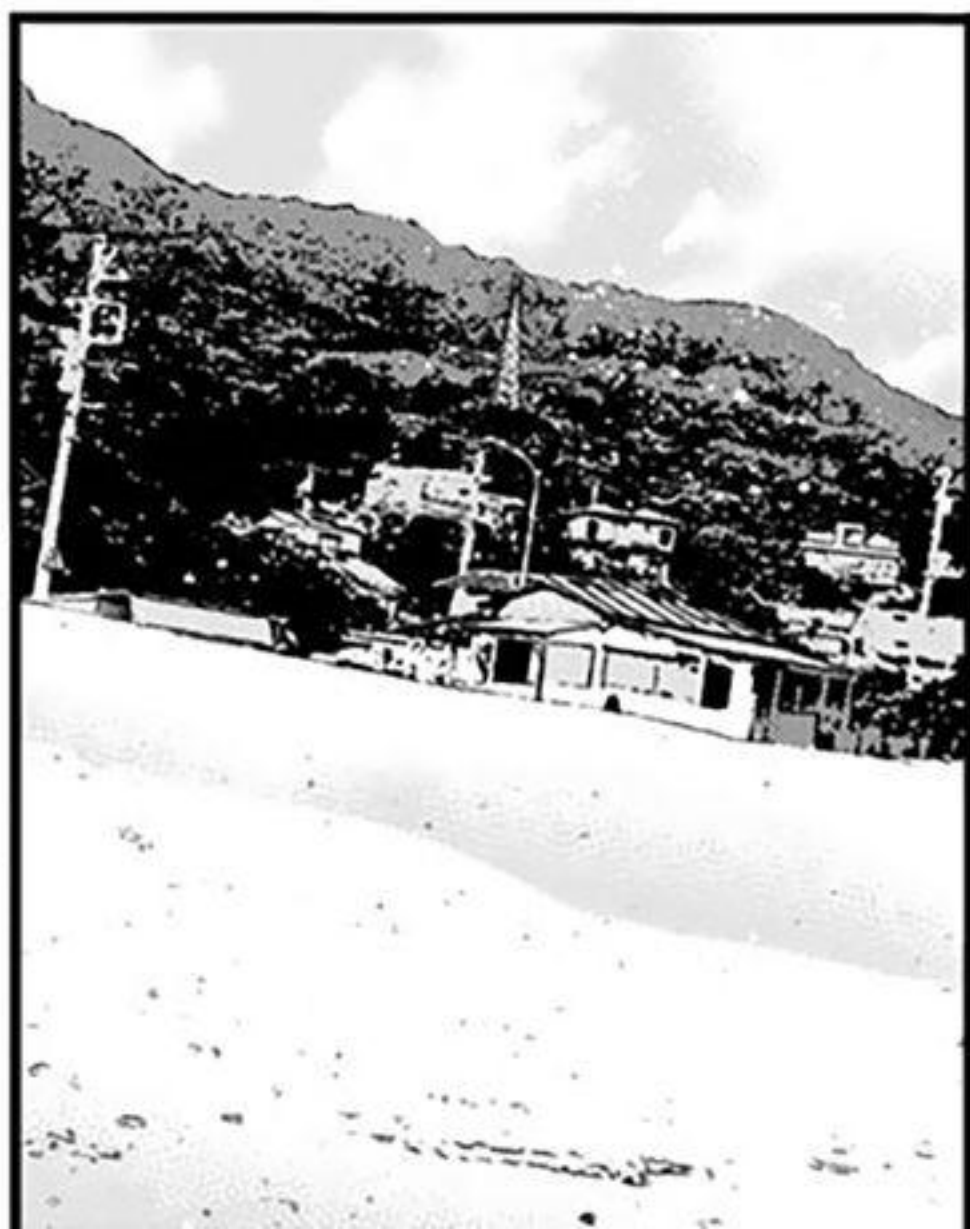

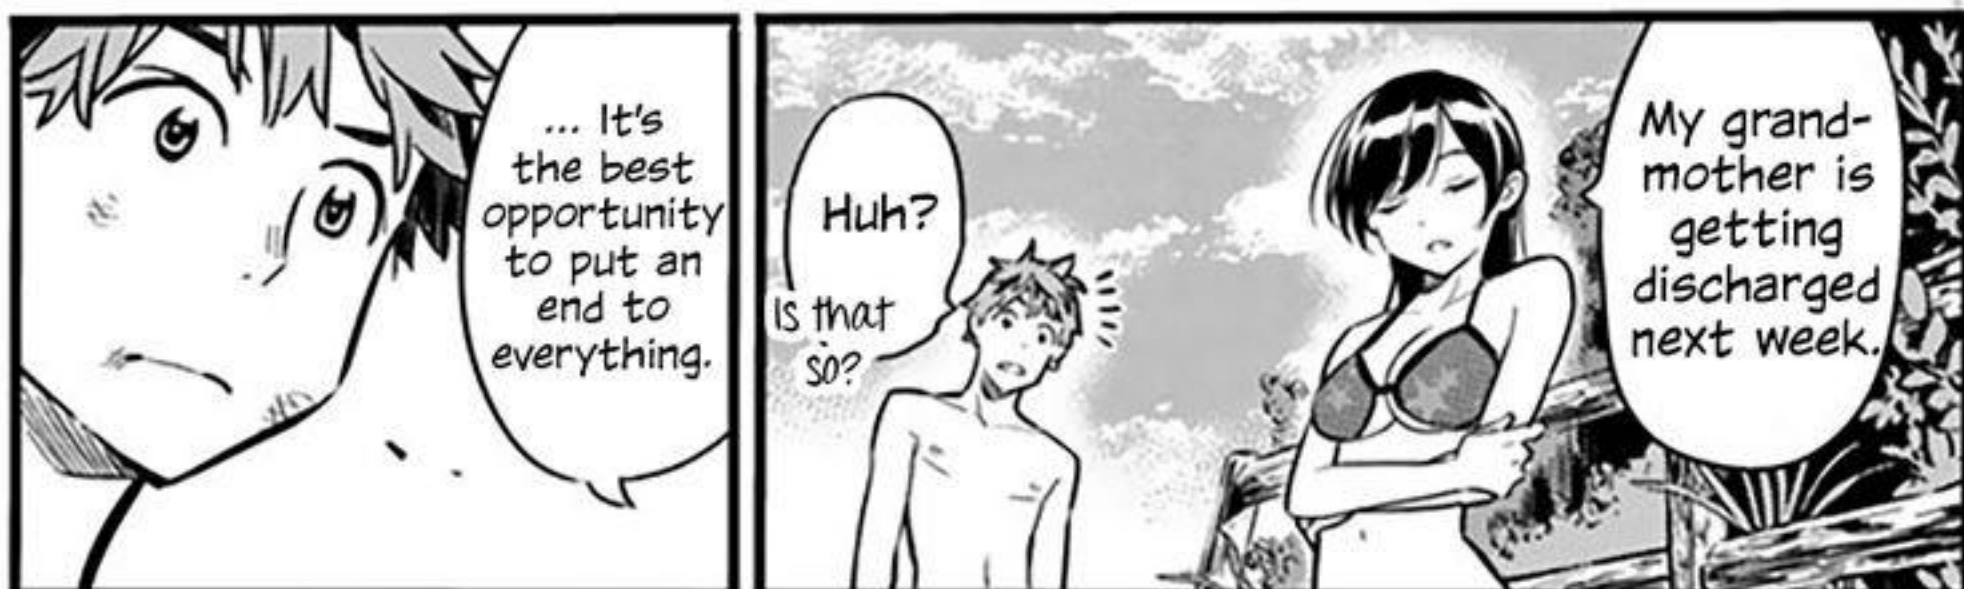

I've caused you nothing but trouble...

I know this entire time...

DO YOU HAVE ANY IDEA...

HOW PAINFUL IT WAS TO BE DUMPED?

I showed you a really disgraceful side of me again...

Hmm.

I'm really sorry

I don't care what everyone else thought..

To me, that was a brave step for you to take.

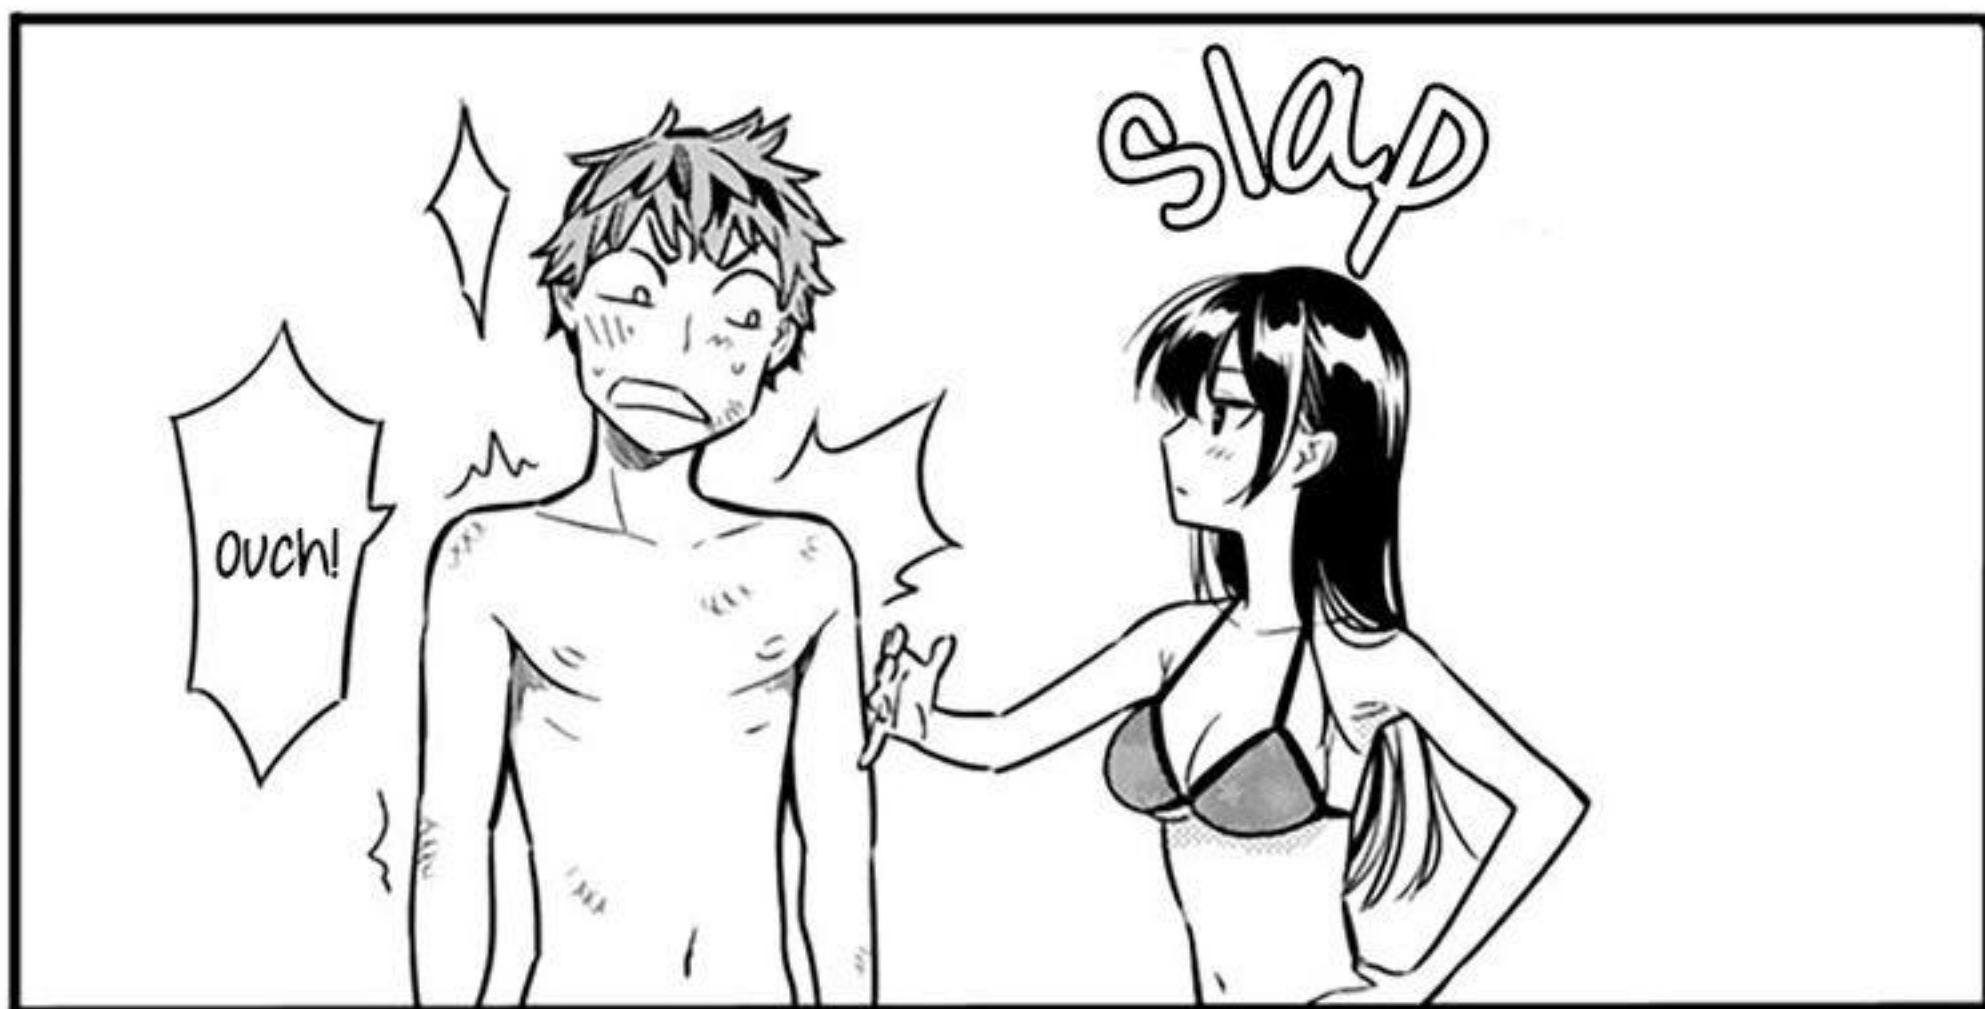

Was clearly a step in the right direction.

The break-up declaration alone...

Outside Tokyo...

Mizuhara is under the "New Girls" category...

We've been here since noon, so that makes it 2 hours ...

AS EXPENSIVE AS ALWAYS!

We're going to have to lie about the details anyway, so can't we just pretend we were in Tokyo?!

25 GRAND?! SO EXPENSIVE!

Even paying double wouldn't be enough to compensate her...

But considering all that's happened so far...

Could be dating someone like Mizuhara just like that...

Dumb Kibe. There's no way someone like me...
